Introduction

Thank you for using **Beyond the Threshold**.

Your privacy is important to us. This Privacy Policy explains what information the app stores, how it is used, and your choices regarding your data.

Beyond the Threshold is designed to support personal growth, self-reflection, and intentional living. During the current beta release, the app is designed to function primarily using information stored directly on your device.

By using the application, you agree to the practices described in this Privacy Policy.

Information Stored on Your Device

The current beta version of Beyond the Threshold stores information locally on your device to provide the app's features and functionality.

Depending on how you use the app, locally stored information may include:

- Daily mood check-ins
- Journal entries
- Reflection responses
- Goals and daily habits
- Journey progress
- Journey Shards
- Lunar Shards
- Charms and rewards
- Wisdom Vault entries
- App preferences and settings

This information remains on your device and is not transmitted to the developer during normal use.

Personal Information

The current beta version of Beyond the Threshold does not require users to create an account or provide personal information in order to use the application.

The app is designed to function without collecting personally identifiable information during normal use.

Any information you choose to record within the app, such as journal entries, reflections, goals, or personal notes, remains stored locally on your device and is not transmitted to the developer during normal app use.

Internet Access

Beyond the Threshold may use your device's internet connection only when you choose to access external educational resources or website links provided within the application.

These links may direct you to educational content published by The Witch Club Creations or other trusted external resources.

Please note that any information you provide on external websites is governed by the privacy policy of those respective websites.

Third-Party Services

The current beta version of Beyond the Threshold does not include:

- Advertising services
- Analytics services
- Cloud data storage
- Artificial intelligence services
- User tracking for marketing purposes

If third-party services are introduced in future versions, this Privacy Policy will be updated before those features become available.

Data Security

Your personal reflections and app data remain stored locally on your device.

While every effort has been made to design the app with privacy in mind, no method of electronic storage can be guaranteed to be completely secure.

To help protect your information, we recommend:

- Using your device's screen lock or biometric security.
- Keeping your device's operating system up to date.
- Backing up your device regularly if you wish to preserve your information.

Please note that uninstalling the application may permanently remove locally stored data unless it has been included in your device's backup.

Children's Privacy

Beyond the Threshold is intended for a general audience and is not specifically directed toward children under the age of 13.

The application does not knowingly collect personal information from children.

If you believe personal information has been provided by a child through future versions of the application, please contact the developer.

Future Features

As Beyond the Threshold continues to grow, future versions may introduce optional features such as:

- User accounts
- Secure sign-in
- Cloud synchronization
- Premium educational content
- Additional online services

If these features are added, this Privacy Policy will be updated before they become available.

Changes to This Privacy Policy

This Privacy Policy may be updated from time to time as Beyond the Threshold continues to evolve.

When significant changes are made, the Effective Date and Version number at the beginning of this document will be updated to reflect the latest revision.
